MUSA MUHAMMAD

JUNIOR FULL STACK WEB DEVELOPER

Nigeria, NG • musamuhag@gmail.com • +234 814 837 1025
Portfolio: musamuhag.vercel.app • GitHub: github.com/musamuhag-maker

PROFESSIONAL SUMMARY

Junior Full Stack Web Developer with hands-on experience building responsive, modern web applications using React, TypeScript, Node.js, Express.js, and MongoDB. Experienced in frontend interfaces, REST APIs, database integration, authentication, API integration, Git/GitHub workflows, and deployment with Vercel and Render. Built and deployed full-stack projects including a CV Builder and real-estate platform. Seeking a junior full-stack development opportunity to contribute to real-world products while continuing to grow as a software developer.

TECHNICAL SKILLS

Frontend	HTML, CSS, JavaScript, React, TypeScript, Tailwind CSS, Vite, Framer Motion
Backend	Node.js, Express.js, REST APIs, MongoDB, Mongoose
Tools & Deployment	Git, GitHub, npm, Vercel, Render
Development	Responsive Web Development, Authentication, Validation, API Integration, UI Development, Database Integration, Reusable Components

SELECTED PROJECTS

CV Builder — Full Stack Web Application

Full-stack resume builder for creating, customizing, saving, and exporting professional CVs. Built with React and TypeScript; developed backend functionality with Node.js and MongoDB; implemented authentication and user-focused application features.
Technologies: React • TypeScript • Tailwind CSS • Node.js • MongoDB • **Live:** cvbuilder-two-cyan.vercel.app

Luxury Dwells — Real Estate Platform

Modern real-estate platform designed to showcase properties through a responsive, luxury-focused experience. Built the frontend with React, TypeScript, Tailwind CSS and Vite; developed backend and database functionality with Node.js and MongoDB; integrated APIs and deployed the application.
Technologies: React • TypeScript • Tailwind CSS • Node.js • MongoDB • **Live:** musamuhag.vercel.app

Sales Management — Business Management Interface

Lightweight business management interface for organizing products, sales, orders, and business information. Built a responsive interface using HTML, CSS, and JavaScript.
Technologies: HTML • CSS • JavaScript • **Live:** musamuhag-maker.github.io/Sales-Management

CORE COMPETENCIES

Full Stack Web Development • Responsive Web Development • React & TypeScript Development • REST API Development • Node.js & Express.js • MongoDB Integration • Authentication & Validation • API Integration • Reusable Components • Git & GitHub • Vercel & Render Deployment • Modern UI Development
